In Vivo

Pharma Intelligence

[Strategic Analysis for Medtech and Pharma Leaders](#)

Save time and ensure focus with In Vivo's deep dive coverage of key industry trends distilled into 200 articles annually. With an eye on horizon-scanning our analysts look beyond the obvious and dig deeper into the unknown, considering alternatives to the current status quo.

Pink Sheet

Pharma Intelligence

[News and Expert Analysis on Pharma Policy and Regulation](#)

Successfully navigate pharma regulations and policy with trusted and comprehensive insights that equip you with strategic information to bring products to market more quickly and successfully, obtain reimbursement coverage and avoid compliance missteps in areas like manufacturing and marketing that could take products off the market.

Scrip

Pharma Intelligence

[Pharma News and Expert Analysis for Commercial Decision Makers](#)

Focused on the strategic implications of global pharma news, Scrip supports timely and tactical decision making throughout the entire drug discovery, development, and product life cycle value chain. Scrip empowers you to make more informed decisions faster – so you accelerate time to market, realize greater cost savings, and stay ahead of the competition.

Generics Bulletin

Pharma Intelligence

[News and Expert Analysis on Generics and Biosimilars](#)

Focus on the most consequential news, without the noise, with articles centered on generics, biosimilars and value-added medicines providing independent and impartial intelligence for balanced decision making.

HBW Insight

Pharma Intelligence

[News and Expert Analysis on the Consumer Healthcare Industry](#)

The single most comprehensive source of daily news and insight to help industry professionals stay informed and strategically on-target in today's dynamic consumer health sector. Leading decision makers rely on HBW Insight to anticipate challenges, minimize risk exposure and maximize growth opportunities. *(includes Consumer content that was formerly in Tan Sheet)*

Medtech Insight

Pharma Intelligence

[News and Expert Analysis for Medtech Decision Makers](#)

The latest high-value news, analysis and strategic insights from expert writers on the medical technology sector, including the surgical, orthopedic, cardiovascular, and other markets – so you can gauge the potential impact of developments on your business.

Search and Results

Starting Your SEARCH

Type your search terms in the Search Bar, which can be key words, company names, or authors' names

The screenshot shows the Scrip search interface. At the top left is the Scrip logo and 'Informa Pharma Intelligence'. A search bar at the top center is highlighted with a red box and a yellow '1'. Below it, the search results page is shown. The search bar contains 'kidney' and a 'Search Tips' button is circled in red with a yellow '2'. A 'Keyword Search Tips' pop-up is visible, labeled '3'. The left sidebar has filter options for 'Publication' and 'Date', with the 'In Vivo' option highlighted by a yellow '4'.

1 The **SEARCH BAR** appears towards the top of every page.

TIP: To see more search options quickly, run a search without any search terms.

Searches retrieve results if they are found in a headline or article text. Searches do not search within tags—use filters to restrict results based on tags.

2 **TIP:** To focus your search, you can restrict your search to headlines only.

3 View our **SEARCH TIPS**, which can be found on any search results page, to ensure you get the most of your searches.

4 There are 10 ways to filter your search results to narrow them down and target your result set to your needs. Filter your results by any combination of: Publication, Industry, Subject, Therapy Area, Device Market Area, Date, Company, Region, Content Type and Media Type.

Search Rules and Techniques: Boolean Search

You can use the Boolean operators AND, OR, NOT to include or exclude results from your search. You can also use parentheses to create nested Boolean searches.

Search

Coronavirus COVID-19 | Deals | Vaccines

31 Jul 2020 | NEWS

EXAMPLES:

Pfizer AND Merck finds articles containing both Pfizer and Merck.

Pfizer OR Merck finds articles containing either Pfizer or Merck.

Pfizer NOT Merck finds articles containing Pfizer, that do not also contain Merck.

Pfizer AND (Novartis OR Merck) finds results containing Novartis and Pfizer, Merck and Pfizer, or all three.

Search Rules and Techniques: Exact Matches

By default, stemming is applied to your search terms to automatically search for word variants. This means that typing the search term develop might also find developer. To search for an exact match, enclose your search terms in quotes.

Generic Daklinza Deal Sets Precedent In HCV Drug Licensing
By Ian Schofield

1 Searching for **"generic drug"** will retrieve only results containing that exact phrase.

2 Searching for **generic drug** will find results containing generic and drug, but might be separated by other words, or, as a result of stemming the results might contain words with the same stem, such as generics or general.

3 You may also use Boolean operators between separate quoted terms. If you want to find all articles containing the exact words **"generic"** and **"drug"**, but not necessarily adjacent to each other or in that order, you can search for **"generic" AND "drug"**.

Search Rules and Techniques: Wildcards

Using an asterisk (*) at the beginning, middle or end of a word or part of a word will allow you to find matches that include additional letters, as represented by the asterisk.

1 Searching for **gen*** finds articles containing general, gender etc.

2 Searching for ***gen** finds articles containing Amgen, oxygen, etc.

3 Searching for **gen*ic** finds articles containing genetic, generic etc.

Customizing Your Results: Sort and Display

You have several options to change the search result display.

Options

The screenshot shows a search results page for the term "heart". At the top right, there are links for "EMAIL", "RSS", and "SAVE SEARCH / SET ALERT". On the left, there is a "Filter By" sidebar with sections for "Publication", "Industry", and "Subject". The "Publication" section is expanded, showing "Medtech Insight (11863)" selected. The main search area has a search bar with "heart" and a "Search" button. Below the search bar, there is a checkbox for "Search headlines only" and a "View headlines only" toggle (labeled 1). The results are sorted by "Date" (labeled 2). The first result is a news article titled "Medical Device Startups Shine At AXA PPP Health Tech & You Awards" from MedTech Insight, dated 28 Apr 2017. At the bottom of the page, there is a "Results Per Page" dropdown menu (labeled 3) with options 10, 20, and 50, and a pagination bar showing "1 2 3 4 5 ... Last".

1 Turn on **VIEW HEADLINES ONLY** for a more condensed display feature

2 Sort by Date or Relevance, ascending or descending.

3 Scroll to the bottom of the page to select the number of results per page and navigate to the next page.

Customizing Your Results: Facets and Filtering

What you see is up to you. The search functions across all of our publications – showing the full breadth of content we offer on any given search parameters. Or, you can limit your search to just the publications you subscribe to, or the subject area, region, date range or media type you need.

The screenshot shows a search results page with the following elements:

- Search Bar:** Contains the text "heart" and a search icon. Below it is a checkbox for "Search headlines only".
- Filter By Panel:** Includes "Clear All" and three sections:
 - Publication:** "Select My Subscriptions" (marked with a red '1') is selected. Other options include Medtech Insight (11863), Pink Sheet (8497), Scrip (3739), Rose Sheet (1429), and In Vivo (1426).
 - Industry:** Medical Device (8473), BioPharmaceutical (24), and Consumer (7).
 - Subject:** (marked with a red '2') includes Innovation (191), Platform Technologies (187), Regulation (176), Clinical Trials (170), and Business Strategies (126).
- Search Results:** Shows "Showing 1 - 10 of 11,863 results for 'heart'". The first result is dated 28 Apr 2017, titled "Medical Device Startups Shine At AXA PPP Health Tech & You Awards" by Catherine Longworth. The second result is dated 25 Apr 2017, titled "The Patient Perspective: Upcoming US FDA Device Center Studies Put Device-Users In Front Seat".
- Navigation:** Includes "EMAIL", "RSS", and "SAVE SEARCH / SET ALERT" links at the top.

1 **TIP:** Click Select My Subscriptions to view only the publications you subscribe to.

Your most recently selected publications are maintained for your next search. To search all publications, tick the box for each publications or use the Clear

2 **TIP:** Selecting more than one choice within the Subject, Therapy Area, Device Market Area or Region facet retrieves all articles tagged with **any** of the choices. For example, selecting U.S. and Canada displays articles containing either the U.S. tag, Canada tag, or both tags.

Selecting tags in multiple facets retrieves articles that are tagged with at least one selection from the facet. For example, selecting Regulation and Asia Pacific displays articles containing both the Regulation and the Asia Pacific tag.

HBW INSIGHT

Nestlé Sees Importance Of Local Brands In 'Fragmented' VMS Market

By Tom Gallen

- 1 You can click on the calendar icon or enter dates to select a date range. If you are entering a date range, be sure to use day/month/year format. For example, enter January 15, 2020 as 15/01/2020.
- 2 To use the **Companies** Filter, start typing the company name to choose it from the list. You may see fewer results than searching for a company name by keyword, because a story is not tagged with a company name if the company is simply mentioned in passing.
- 3 To limit your results to podcasts, videos or other multimedia, use the **Media Type** filter.

Save your search to run again later, turn it into an RSS feed, or share it with a colleague via email. You can also bookmark articles from the results page

The screenshot shows a search results page for the term "kidney". At the top right, there are three icons with numbers: 1 (Email), 2 (RSS), and 3 (Save Search / Set Alert). The left sidebar has a "Filter By" section with "Publication" and "Date" filters. The main content area shows "Showing 1 - 10 of 1,512 results for kidney" and a "SORT BY" dropdown set to "Date". The first result is a news article titled "Cardiovascular Catch-Up: Spring Brings Bloom Of New Clinical Trial Results And Launches" by Reed Miller, dated 11 Jun 2021. A fourth icon (4) is placed next to the article title, indicating a bookmarking action.

- 1 Fill out a simple form to email a list of your results to someone else—or yourself.
- 2 Set up an RSS feed based on your search criteria.
- 3 Save your search to run again later, or turn it into a custom email alert so you are automatically notified whenever new content meeting those search parameters is published. Go to **My Account** to view your results again.
- 4 Bookmark an article for future reference directly from the result list.

Newsletters, Custom Alerts and RSS Feeds

Email Newsletters

Every publication provides you with a choice of email newsletters so that you can keep on top of news and insights in the format most convenient for you. Check the box next to the newsletter you want to receive and click the Update Email Preferences button at the bottom of the Email Preferences page to make your selection.

1 Click in the upper left to expand the publication list, select all newsletters or unselect all newsletters

2 Select from Daily, Weekly (monthly for In Vivo), My View and Special Topic email newsletters. **Note:** My View and special topic newsletters are only available to subscribers. You may choose one type or all, depending on your needs.

Email Preferences

Sign up for automatic daily updates, the weekly editors' digest (monthly for In Vivo), or both, and also receive breaking news updates with either option. Subscribers may also select the My View Alert or special topic newsletters; see below for more details.

1 **TIP:** To make changes to an existing alert, run the search from **My Account**, make your changes, then re-save the search as a new alert. If you don't want to keep the original alert, delete it from **My Account**.

2 **TIP:** Regardless of the number of alerts you have, you will receive no more than one email per day. If multiple alerts produce results on the same day, they will be included in one email. If no results appear on a given day, you will not receive an email.

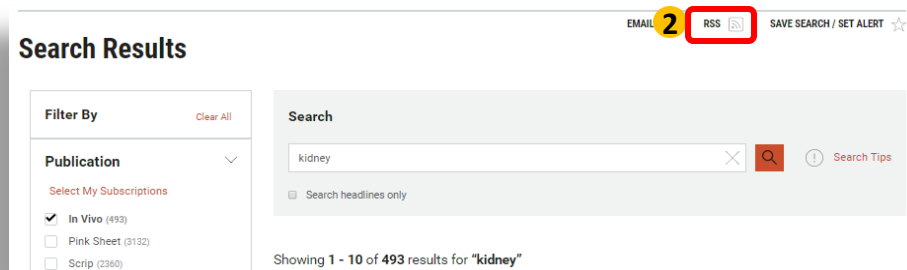

RSS Feeds

Set up an RSS feed to cover as much or as little as you want. Use the feed reader of your choice and be updated in real time.

1 To set up an RSS feed for all articles from a publication, or for shortcuts to common topic areas, go to the RSS Feed page from the main menu.

2 To set up a custom RSS feed based on your own search criteria, use the RSS feed link at the top of the Search Results page.

Newsletter, Custom Alert, RSS Feed, or My View?

There are many choices for keeping up with the latest pharma and medtech news, whether it's part of your morning routine or you're on the go. Here's how Email Newsletters, Custom Alerts, RSS feeds, and My View compare.

Alert Type	All Content	Personalized Selected Content	Managed in My Account	Advantages
Email Newsletter	Yes	No	Yes	If you never want to miss a story, you will see all headlines and executive summaries every day and also receive article recommendations from the editors through weekly roundups and special topic newsletters.
Custom Email Alert	No	Yes	Yes	If you have a focused area of interest, need to track latest developments in multiple topics separately, or you want to cover multiple publications in the same alert, you will receive an email whenever the latest news in your area of interest is published.
RSS Feed	Yes	Yes	No	Consider an RSS feed if you already use an RSS feed reader. Consolidate your news feeds for easy access and see real time updates as new stories are published.
My View	No	Yes	Yes	Create a custom landing page to see the most recent articles on topics you select. You may also choose to receive the daily My View email alert or download a My View weekly pdf from the pdf Library.

My View

Your Content Your Way

My View allows you to view only the topics you want to follow. Choose from a list of available topics, which are individualized for each publication, and design your own My View home page. It's easy to set up your choices when you register, or change them later.

My View Page [EDIT MY VIEW](#)

Your My View page shows you content in the topics you selected, in order of importance to you. You can edit this display at any time by clicking “Edit My View”. Use the icons on the upper right to change from a grid view to a list view. To return to the Pink Sheet homepage, click on the Pink Sheet logo in the upper left of the screen. Set Up and Editing: Registration

When you register on a product site, you will be asked to select My View topics you want to follow for that product. For example, if you are on the Pink Sheet site and click Register, you will set up your topics for Pink Sheet.

If you want to select My View topics for other publications, you can do this in My Account once you have completed registration and are logged in.

Last Step - make it personal to you

1 [Sign In](#)

COMPLETE YOUR REGISTRATION

My View is an easy way for you to view the content most important to you, quickly. Follow and reorder topics below, based on your interests, to have your personal My View homepage prioritized for you. You can choose as many or as few topics as you wish, and edit them at any time.

Medtech Insight CHANNEL FOLLOWING

Choose the topics you want to follow, and then click, drag, and drop them to put them in order of importance.

[FOLLOW ALL](#) [UNFOLLOW ALL](#)

Appointments	FOLLOWING	≡
Approvals	FOLLOWING	≡
Combination Products/Drug Delivery	FOLLOWING	≡
Asia Pacific	FOLLOWING	3 MOVE ≡
Cardiovascular	2 NOT FOLLOWING	≡

- 1 Click the Sign In link to **REGISTER** to create an account – you will automatically be prompted to set up My View for your chosen publication.
- 2 **CHOOSE** the topics you want to follow by clicking on the **NOT FOLLOWING** button next to your chosen topic.
- 3 **CHANGE** the order of topics you see on your My View page by clicking anywhere in the topic line of a topic you are following, and dragging and dropping the topic to your chosen location.

Set Up and Editing

If you are already registered and have not set up My View, or want to edit your existing settings, here is how you can get started. You must be logged in to access these features.

Note: You cannot set topics across multiple publications. To set or change topics for another publication, first navigate to that publication, then back to any My View set up option to complete your selections.

Ask the Analyst

GOT A QUESTION

ask us

ASK THE ANALYST

What is the service?

If you have a question about any of our news stories, analysis or data, or indeed about any market or business issues that you face, ask us. Our expert journalists and analysts will conduct research and reply to your question. We will respond within two working days, but often quicker. We will let you know if we are unable to answer a particular question and why. This service is free to our subscribers. The time we can offer is dependent on your subscription value.

Who responds to the question? What experience do they have?

Our journalists and analysts will respond to you directly. We have spent many years researching and writing about all aspects of the pharmaceutical and medtech markets: R&D, clinical trials, market access, policy and regulation, financing and licensing. Our team has a wealth of experience, knowledge and a formidable network of contacts across the globe in all sectors of the industry.

Who can use the service?

All our subscribers can use the service. We offer at least one hour per month, and up to 12 hours, depending on the number of subscribers your organization has and the cost of your subscription. We can spend up to three hours on each question where time permits. Unused time is not cumulative but we will be flexible from one month to next. Time is not cumulative across our different products.

What the service is not

It is not consultancy – it is based on having a subscription to our products, it gives you a monthly time allocation and can incur no additional costs. There are limits to what we can answer, but ask us and together we will agree on how we can help. We cannot offer free access to information from other Informa products to which you do not subscribe but we will refer to those and other sources as needed to answer a query and to give you the opportunity to find out more about those products.

Ask the Analyst

How do I ask a question?

The service is accessible by clicking the Ask the Analyst button at the top of the article page and completing the form. Your message will be directed to the relevant respondent – an editor, journalist or analyst from one of our teams. We will acknowledge the question, clarify and agree the scope, and let you know when you can expect our response to your question.

What sort of questions can I ask?

Here are some examples of questions received:

- *With all the recent deals on immune-oncology (Novartis, Merck KgaA, etc) who is currently in the lead (top 5) to be first to market?*
- *What is the landscape for pulmonary fibrosis drugs?*
- *What is the procedure and guidelines to have a new chemical entity identified as “breakthrough therapy” by the FDA?*
- *If a drug is approved mid-way through the year, and payers have an agreed formulary list from the start of the year that doesn’t yet include the new drug, can this be added mid-year?*
- *Would you have a summary of the changes that are going to occur with the EU Clinical Trials Regulation?*
- *What are the details on the procedure to follow in order to enter the German market for Medical Devices?*

The screenshot shows a web page with a news article titled "US FDA Advisory Committee With A Focus On Science Over". The article is by Sarah Karlin-Smith. A "Ask The Analyst" form is overlaid on the page, highlighted with a red border. The form includes the following fields and elements:

- Buttons at the top: ASK THE ANALYST, EMAIL, PRINT, BOOKMARK, SHARE.
- Form title: Ask The Analyst.
- Text: Ask the Analyst is free for subscribers. Submit your question and one of our analysts will be in touch.
- Text: All fields are required.
- Input fields: Please Enter Your Name, Please Enter Your Company Name, Please Enter Your Business Email, Please Enter Your Business Phone Number.
- Text: Ask your question to our analysts.
- Form element: A large text area for the question.
- Form element: A CAPTCHA with the text "I'm not a robot" and a reCAPTCHA logo.
- Buttons: CANCEL and SEND.

Managing Your Account

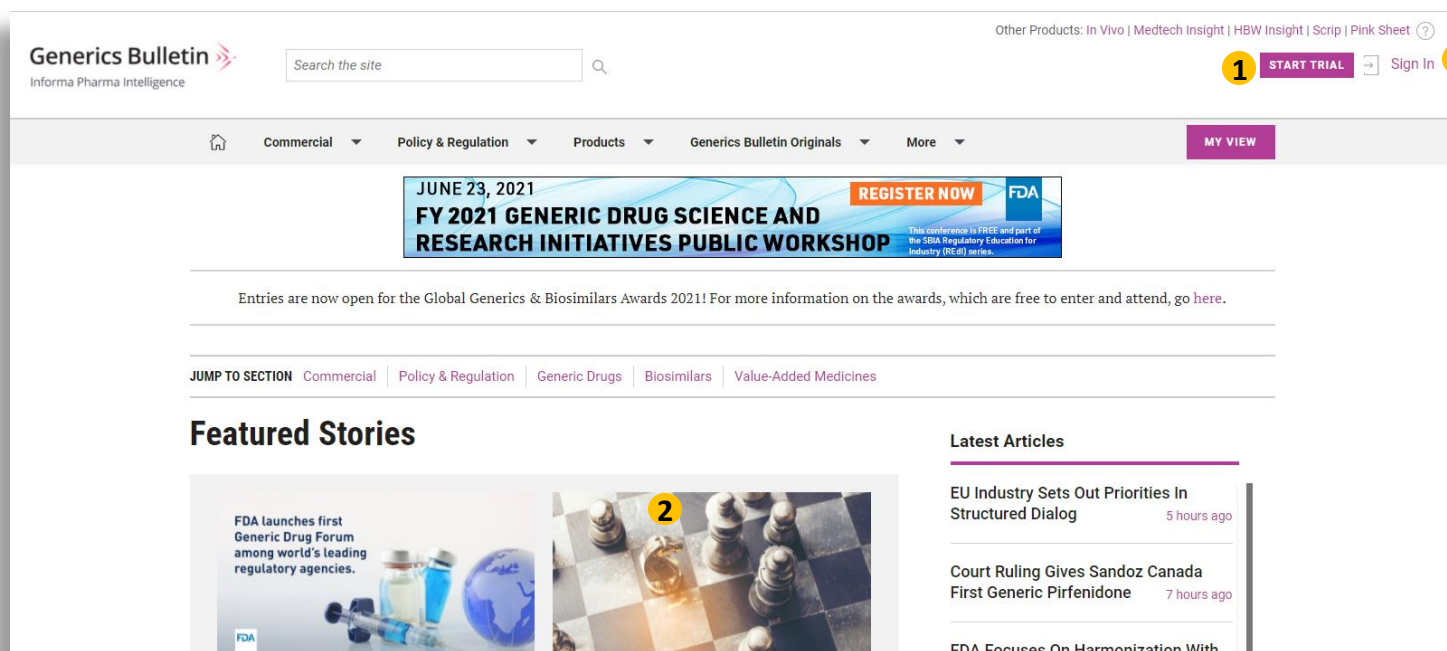

Access, Registration & Sign In

Our products support Internet Explorer 11+, Safari, Chrome, Firefox on Windows, Mac, and mobile devices and tablets.

Register and Sign In links are located on the upper right of the pages. To Register, you will set up a Username and Password, which will work across all of our products. Once you have registered and created an account, Sign In to access your account so you can set, view, and manage your custom alerts and saved articles, topics, and searches.

Usernames are typically your work email address—publicly available email domains such as gmail.com are not permitted for registration. Your same Username and Password will work across all of our products, and when you Sign In to your account, you will be able to pass seamlessly between the product sites. If you don't know your password, click "Forgot your password?" to reset it.

If you have single sign-on access via your company, click on the Sign in link, enter your username, and tab or click to get started.

1 If you are not a subscriber, click **START TRIAL** to take a free 7-day trial. You will be registered as part of the process.

2 **SIGN IN** with your username and password to access and manage your account. If you don't recall or are unsure of your password, there is a "Forgot your password?" link in the sign-in module so you can easily reset it.

From the Sign In screen, you can also **REGISTER** to create an account – so you can receive free email newsletters, set custom email alerts, and save articles, topics, and searches.

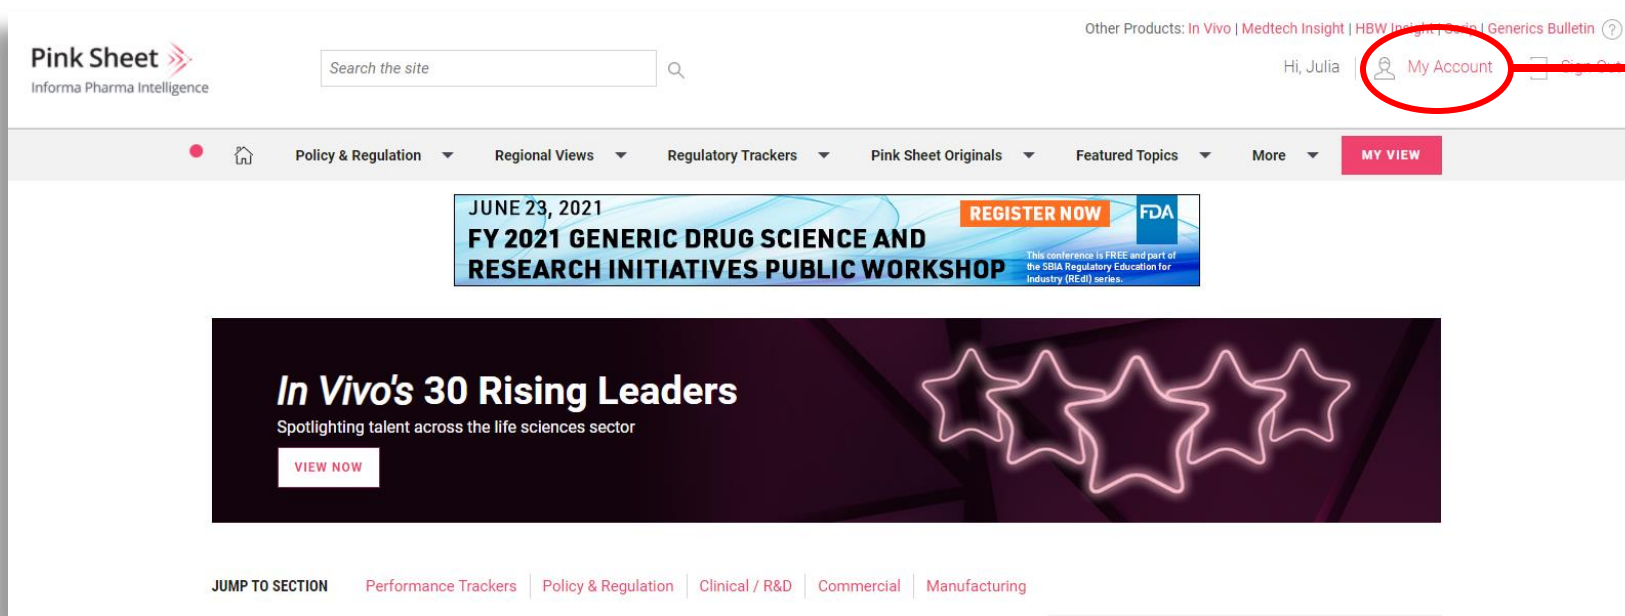

NOTE: You must be a subscriber to read most articles. If your company subscribes, you may receive instant access to articles once you register.

NOTE: If you are registering for an Informa Pharma Intelligence product for the first time, follow the instructions if asked to verify your email address.

Managing Your Account

Your account is managed from the My Account link located on the upper right side of the sites. The My Account section reflects your account and activity across all of our publications.

From **My Account** you will manage your:

- Bookmarked Articles
- Saved Searches & Alerts
- Account Settings
- Subscriptions & Purchases
- Email Alert Settings
- My View Settings

Managing your account

From My Account you will manage your:

- 1 Bookmarked Articles
- 2 Saved Searches & Alerts
- 3 Account Settings
- 4 My View Settings
- 5 Subscriptions & Purchases
- 6 Email Alert Settings

The screenshot shows the 'Account Settings' page with a navigation bar at the top containing: BOOKMARKED ARTICLES, SAVED SEARCHES & ALERTS, ACCOUNT SETTINGS (highlighted), MY VIEW SETTINGS, SUBSCRIPTIONS, and EMAIL PREFERENCES. Below the navigation bar, the page is divided into two columns. The left column contains 'User Name / Email Address' with the email 'julia.seto@informa.com.id' and contact information. The right column contains 'Update Your Password' with a link to update the password and a pink 'UPDATE PASSWORD' button. Below these, the left column has 'Name' with a salutation dropdown menu (set to 'Ms.') and the right column has 'Contact details' with a 'Business Phone' input field.

My Account: Bookmarked Articles

Articles can be Bookmarked from the Homepage, Topic Pages, Article Pages, and Search Results Pages.

- 1 the name of the publication the article appeared in
- 2 the article title
- 3 the date the article was bookmarked
- 4 REMOVE button so you can remove bookmarks you no longer want to keep
